The image is a screenshot of a Microsoft Azure portal session. The top browser tabs include 'myRGWebApp1 - Microsoft A...', 'Azure Container Apps', and 'lvaadepally-my-container-app.wonderfulsand-401d0d1d.centralus.azurecontainerapps.io'. The main content area shows the 'Resource groups' page for 'Seneca College (senecacollegelabs.onmicrosoft.co...)'. A sidebar on the left lists resource groups: 'myRGVM', 'myRGWebApp1', 'NetworkWatcherRG', and 'ODL-seneca-lab-1586610'. The 'Metrics' section is active, displaying a line graph for 'Network In Bytes (Sum)' for the 'lvaadepally-my-container-app' resource group. The graph shows a single sharp peak around 6 PM on Friday, 07, with a value of 168.2KB. Below the graph, a search for resource groups is shown with the filter 'containe'. The search results show 'Showing 0 to 0 of 0 records'. A message states 'No resource groups match your filters' and provides a 'Create' button and a 'Clear filters' button. The bottom of the page includes a 'Give feedback' link.
